

EduVision_DV

Higher Education Performance Dashboard — Dashboard Storyboard

Purpose

This storyboard defines the wireframe layout, navigation structure, filter behavior and chart placement for each of the four dashboards that make up the EduVision_DV Tableau workbook, prior to development. It is the Module 4 deliverable (dashboard_storyboard.pdf).

01

University Overview

Global rankings, KPI summary, trend & region distribution

02

Research Analytics

Publications, citations, research productivity & impact

03

Student Analytics

International students, faculty ratio & diversity trends

04

Country Comparison

Country-level ranking, benchmarking & regional trends
