Dashboard Actions & Interactive Comparisons

Navigation Actions	Use the four top tabs to move between University Overview, Research Analytics, Student Analytics and Country Comparison.
Filter Actions	Country, University, Year and Rank Range filters update all relevant KPI cards and graphs.
Highlight Action	Click a university/country to highlight it across the dashboard and compare it against the selected peer group.
Drill-down Action	Select a chart mark to open the detailed KPI comparison table.
Tooltip Action	Hover over a bar/line point to display the exact KPI value and university/country name.
Reset Action	Add a Reset Filters button to return the dashboard to the default view.
Cross-dashboard Action	Use the selected university/country as the comparison context when switching between dashboard tabs.

Final structure: 4 dashboards × 6 KPI visualizations, connected through common filters, navigation and dashboard actions for interactive comparison.
